2019

NATIONAL CONFERENCE ON COLLABORATIVE HEALTH SCIENCES - VISIONS FOR THE FUTURE

February 14th & 15th, 2019

Organized by: School of Health Sciences, NSHM Knowledge Campus, Kolkata - Group of Institutions
Venue: Science City Main Auditorium, Kolkata & NSHM Knowledge Campus, Kolkata

PREAMBLE

Healthcare involves the participation of patients, family, and a diverse team of often highly specialized healthcare professionals. The current focus is on reducing healthcare costs while improving the quality of care in India puts additional pressure on public health institutions to find more efficient and effective ways to deliver quality services. Exceptional healthcare is facilitated by a collaborative approach including many different professionals and their clients. This perception leads us into an era where improved collaboration amongst all healthcare professionals is of utmost importance for global domination.

ABOUT THE CONFERENCE

Inter-professional education is a step towards providing higher quality patient care by producing collaborative and practice-ready healthcare professionals who appreciate each others roles in the healthcare settings. Committed academicians and educational institutions that believe in the benefits of inter-professional education have focused on innovative strategies to strengthen the workforce of health professionals. Keeping up with this spirit of expansion, a variety of health-centric subjects have been introduced into the existing educational organizations, but incorporation of individual subjects for the collaborative improvement of the healthcare system is still a challenging task. NATCONPH-2019 - the annual conference of NSHM Knowledge Campus, Kolkata - Group of Institutions will focus on the necessity of collaborations in the modern day healthcare sciences with special attention to advances in pharmaceutical and allied healthcare industries.

HIGHLIGHTS OF THE CONFERENCE

Interactive discussion programs and insightful lectures by celebrated personalities from the healthcare and pharmaceutical sectors as well as pioneers of academic circles will construe an integral part of the conference. Presentations and discussions from notable professionals will deliberate on the difficulties and openings in research and modernization with appropriate emphasis on collaborative health sciences as well as navigate several unexplored avenues to broaden the interface between industry and the academia. The importance of clinical research and application of modern technologies in patient's services in the existing modern society is undeniably very significant as are the recent advancements in drug design and delivery. Sessions will be held to discuss such important milestones of healthcare and pharmaceutical sectors. Not only our physical being, but also our mental health is of paramount importance when it comes to modern healthcare. Deliberations will also be held to discuss mental well-being of our current generation and related stress factors in day to day lives.

MAJOR TOPICS TO BE DISCUSSED

- Drug Design and Advances in Drug Delivery System
- Advancement in Research and Innovations in Pharmaceutical Technology
- Recent Trends and Future Perspectives of Clinical Research in Indian Pharmaceutical Scenario
- Role of Developmental Partners towards National Health Mission
- Managing Resources in Modern Day Healthcare Organizations
- Use of Modern Technologies in Improving Patients Services (Artificial Intelligence, Machine Learning, 3D Technology, Robotics and Big-Data Management)
- Role of Mental Healthcare Giver in Changing the Digital World
- Importance of Understanding Everyday Emotions: Unlocking Happiness and Taking Care
- Stress in Different Age Group: Understanding and Dealing
- Clinic to Community: A Road to Success in Vision 2020
- Antibiotic Resistance in Ocular Bacterial Pathogens
- Role of Vitamin D in Prevention of Chronic Diseases
- Interrelationship between Nutrition and Hormones Related to Weight Management
