

NSHM Knowledge Campus, Durgapur,

Book Chapters (International Publishers)

- *Biomedical Sensors in Wearable Health Technologies* – Elsevier (Academic Press).
- *Advancing Drug Delivery Systems through Biomedical Engineering* – Elsevier.
- *AI-Driven Drug Discovery and Development* – IGI Global.
- *Niosome Drug Delivery System* – Nova Science Publishers (USA).
- *Nutritional Epidemiology of Autoimmune Diseases* – IGI Global.
- *Immunology of Dietary Exposures* – IGI Global.
- *Artificial Intelligence in Skill Development* – IGI Global.
- *Natural Ingredients in Cosmeceuticals* – IGI Global.
- *AI-Generated Nanoparticles in Immunology* – IGI Global.
- *Metaverse for Healthcare System Modeling* – Wiley.
- *Vocal Communication in Animal Kingdom* – CRC Press (Taylor & Francis).
- *Validation in Sterile Ophthalmic Formulation* – Springer Nature.
- *Multiomics in Diabetes Detection* – Elsevier.
- *Ionic Liquids: Properties & Applications* – Bentham Science.
- *AI-Powered Precision Medicine* – CRC Press.

- *Gut Microbiota & Neurodegeneration (Bioinformatics Tools)* – CRC Press.
- *Genome Editing in Precision Medicine (CRISPR)* – IGI Global.
- *Reliability Analysis in Healthcare Systems* – Elsevier.

AI for Drug Repurposing – Elsevier.
