PREAMBLE

The Annual Conference NATCONPH is aimed at providing an opportunity to exchange knowledge, brainstorming on trending topics, getting to hear experts, utilizing scientific paper presentations, participating in intellectual discussions and all such activities that converge to apprise and illuminate the delegates on the scientific and technological advancements happening across the globe.

At NSHM Institute of Health Sciences, the conference is annually organized to offer its participants an excellent opportunity to intermingle with stalwarts of one's discipline, cracking their brains on trending topics, utilizing paper presentation chances, hearing mind blowing lectures, partaking in vigorous discussions and all such activities that converge to apprise and illuminate delegates on the scientific and technological advancements happening across the globe. The takeaway components from this conference are expected to be greater knowledge, better understanding from the healthy interactions as well as building stronger collaborations for future endeavours.

ABOUT THE CONFERENCE

In the present day, the focus of Pharmaceutical Sciences has shifted into an interdisciplinary arena amalgamating with the other health care domains, in the never ending quest for new life-saving and life-giving products. Welcoming domain experts to present their unique experiences through speeches and presentations, NATCONPH 2022 is being organized for the students, researchers, scientists, academicians, pharmaceutical Industries, health professionals, to come together, learn, evolve, discuss, share and get an idea of the various advances that best reflect today's leading-edge research and tomorrow's emerging technologies and developments.

HIGHLIGHTS OF THE CONFERENCE

NATCONPH 2022, the annual Conference of NIHS aims to serve as a robust platform where eminent speakers from academics, industry and research will deliver keynote presentations to share innovative ideas and world class experiences to enthuse the young learners. The interactive sessions to follow in the various healthcare disciplines like Pharmacy, Nutrition, Psychology, Optometry, Medical Laboratory Technology, Yoga and Public Health will benefit the participants, get awareness about recent updates on research and improvements of tomorrow. Panel discussions from notable professionals will also focus on challenges and opportunities in relevant sectors to bring forth openings in research and modernization, navigating several unexplored avenues to foster the interface between industry and academia.

The buzz words echoing in this upcoming Conference will hopefully be.....

perceive.....conceive.....believe and achieve
