

Durgapur, known as "The Steel City of West Bengal," was conceptualized by West Bengal's 2nd Chief Minister, Dr. Bidhan Chandra Roy. This city, envisioned as an industrial hub, has evolved into the fastest-emerging and a potential mega city in eastern India. Its rich history is reflected in the famous novel by Bankim Chandra Chattopadhyay, set in and around Durgapur. Beyond its industrial prowess, Durgapur is gaining prominence for medical facilities and educational institutions. Notable establishments include the National Institute of Technology (NIT), NSHM Knowledge Campus, Mission Hospital, and healthcare facilities like DSP Main Hospital and IQ City Narayana Hrudayalaya Hospital. With renowned schools, colleges, and a growing healthcare sector, Durgapur is poised for continued progress, epitomizing the dynamic blend of industry, education, and healthcare in the region.
